Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Many people fail to approach interviews strategically, do not have their talking points in hand and are not current with trends in interviewing. How about you? Master the Interview will accelerate your interview preparation process, keying you up for what to ask yourself beforehand and what may be asked of you in the interview. Read as much as you need, in your areas of need, to grow your comfort level with interviews and master this crucial element of the job search process. The book is not didactic; rather it takes a thematic approach to guide you through creating the right message for your interviews and knowing how to be prepared for whatever may come your way. There are also chapters on special considerations in the process (if you are a non-traditional candidate or have a troubling element in your background) and on how to evaluate multiple offers in hand. Throughout this book, Segal consistently offers positive, uplifting guidance while adopting an objective yet empathetic tone. A self-directed, interactive manual that should benefit experienced and new job-seekers alike. - Kirkus Reviews, The most trusted voice in book reviews since 1993 By the time you have an interview for a job you really want, the stakes are high.
